Subject No. 82
Condition of Malnad roads.

Summary of discussion.—The roads throughout the Malnad are almost impassable for wheel-traffic during the monsoon. They require seasonable repairs and better supervision. The more important of them may be transferred to the Provincial Funds or the maintenance grant in their case increased by a grant of contribution from those funds. The Chikmagalur-Yedahalli, the Kottigehar-Kalasa and the Santaveri roads are in a bad condition.

Reply of Government.—Additional allotments are being given as far as possible. Large sums of money have been spent upon Malnad roads and special attention is being given to their maintenance.

Subject No. 83
Foot-paths and wooden bridges for village traffic.

Summary of discussion.—To facilitate traffic between villages, arrangements are necessary for opening out foot-paths and constructing bridges of wooden piles across hallas. Works of this kind have not been done in the Kadur district.

Reply of Government.—Such purely local works must be carried out by District Fund Boards.

Subject No. 84
Midwives to be taught vaccination.

Summary of discussion.—Midwives attached to hospitals may be taught vaccination so as to enable them to vaccinate gosha ladies.

Reply of Government.—This will be done as far as possible.

Subject No. 85
Appointment of compounders.

Summary of discussion.—Compounders employed in the Local Fund dispensaries are as a rule illiterate and do not understand the prescriptions given them. Passed candidates should be appointed to such posts, subject to approval by the members of the Local Fund Boards.

Reply of Government.—Salaries have recently been raised and as far as possible literate men are being appointed as compounders.

Subject No. 86
Revenue from garden lands within Municipal limits.

Summary of discussion.—The Land Revenue derived from garden lands within Municipal limits of Closepet and other places should be credited to Municipal Funds.

Reply of Government.—Noted.

Subject No. 87
Octroi on piece goods in Municipal Towns.

Summary of discussion.—In villages near Municipal towns piece goods are sold on a large scale to the prejudice of the Municipal Revenue. The levy of octroi on piece goods sold in villages seems therefore desirable. It should be extended to all parts of the State.

Reply of Government.—This cannot be done.

Subject No. 88
Non-official Local Fund Member for each Taluk.

Summary of discussion.—In the District Fund Board there must be a non-official member for each taluk as otherwise the requirements of every taluk cannot be properly represented.
